JAMAL POLYMERS PVT LTD

INTRODUCTION

It is our great pleasure; we would like to respectfully take the opportunity to introduce ourselves for the purpose of enlistment. The genesis of Jamal Group dates back to the 1970s with a humble shop on Brandreth Road. By the grace of almighty Allah, today, the name 'Jamal' has become synonymous with the word 'quality'. At present, the group constitutes of three principal businesses: (1) M/s. Jamal Pipe Industries (Pvt.) Ltd, (2) M/s. Jamal Polymers (Pvt.) Ltd. (3) M/s. Jamal Seamless (Pvt.) Ltd.

The former has been producing Steel Pipe-lines for over 50 years. Adding to the range of products over the years, our steel division now also produces Steel Tubular Poles, Scaffoldings and Guardrails amongst other things. The latter and the subject of this letter, our plastics division, started with the production of PVC Pipes in the early 2000s. We can proudly say that today we are one of the leading manufacturers of PVC pipes, Polyethylene (PE) pipes and PPRC pipes & fittings in Pakistan. We are not only known for our superior quality PVC, HDPE, PPRC Pipes Fitting & Electric Pole but also for setting industry standards. As a result, we have become the preferred choice of professionals in various fields that utilize PVC, HDPE, PPRC Pipes Fitting & Electric Pole. We would like to bring to your kind attention that our PVC, HDPE, PPRC Pipes Fitting & Electric Pole are duly manufactured as per international standards (ASTM, BS, DIN, ISO OHSAS and PS) with top of the line imported raw materials (PVC, PPRC & HDPE resins). To meet the specifications of our valued clients we regularly import raw materials from but not limited to the Middle East, Europe and the USA.

We like to think of our manufacturing unit as an "organism" that fuses hi-tech machines and human ingenuity, thus rendering the very high standards needed to produce a wide range of modern and hygienically tested products including HDPE Pipes (20mm to 1200mm), PVC pipes (1" to 16") And PPRC Pipes (20mm to 160mm). Furthermore, we have a proper quality control system in place at our production site along with a state of the art testing laboratory to ensure the ISO standards. All this activity is carried out by our well-trained and experienced technical staff. Our real strength lies in our customer's delight that can only be achieved by providing quality products that meet their requirements. In our quest to lead by example, our efforts have led Jamal to ISO-9001, ISO-14001 and ISO-18001 certification, as well as the Pakistan standards & quality control authority (PSQCA) certification.

It is pertinent to mention here that our products are versatile and can be used for an array of reasons. Currently, our pipes are being used for water supply networks, gas, air and chemical distribution systems, hazardous waste management systems, sewerage, mining, fiber optical cables, various agriculture activities including irrigation, firefighting and in many other applications in various industries, departments and organizations of repute in Pakistan.

It is further submitted that our brand 'Jamal' PVC, HDPE, PPRC Pipes Fitting & Electric Pole is listed and pre-qualified in various NGOs. Government, and semi-government departments such as HUD & PHEDs, DHA, NESPAK, PAEC, MES., C&W, UNICEF, PWD etc. Keeping in view Jamal Polymers' profile, you are requested to consider us as a potential vendor with your prestigious organization for pre-qualification.

Hope to have your positive response in this regard.

OUR VISION

Our vision includes expanding our company into Pakistani markets by becoming a low-cost, high-value provider of quality products. We aim to reduce time-to-market relative to the competition. Through the usage of key business markers, we work to reach 100% quality and 100% on-time delivery to develop satisfied customers with which we can grow.

JAMAL will use the best people and technology to produce product better and faster. Our workforce will be trained in critical skill areas to remain competitive. We will foster a Rapid Response Company Culture that seeks a simple solution to any challenge.

OUR MISSION

JAMAL employees are committed for continuous improvement in order to achieve excellence, by empowering people to think and communicate ideas that will benefit both the customer and our company.

CORE VALUES

JAMAL recognizes the importance of putting the following values into practice. These principles guide our decisions, our actions and ultimately lead to our success: We ensure a safe work environment and provide a workplace where employees can freely express their professional opinions, beliefs and ideas.

We uphold a culture of respect and dignity. We take pride in the contributions and diversity of ideas of our team members, and endeavor to understand each other by putting ourselves "in one another's shoes."

We inspire empowerment. We encourage problem-solving, communication and employee involvement at every level of the company. We strive to continually learn, adapt and move forward.

We appreciate the importance of a work-life balance, and we recognize that the best balance between work, family, self, friends, and community is different for each individual. We know that a positive work-life balance drives each individual in attaining achievement and enjoyment in their daily pursuits.

We act in stewardship. Employees carefully manage company resources, and respect our customers' time, financial investments, and the work they entrust to us.

ABOUT

Where Quality Counts

Jamal Polymers (Pvt) Ltd is a prominent player in PVC, Polyethylene (PE), Polypropylene (PPRC) Pipes, Fittings and Electric HDPE Pole industry of Pakistan. By the grace of Almighty Allah, our brand name has become synonymous with the word quality over the years. We are not only known for our superior quality PVC, Polyethylene (PE), Polypropylene (PPRC) Pipes, Fittings and Electric HDPE Pole, but also for setting industry standards. As a result, we have become the preferred choice of professionals in various fields that utilize PVC, Polyethylene (PE), Polypropylene (PPRC) Pipes, Fittings and Electric HDPE Pole.

Our PVC, HDPE, PPRC Pipes Fitting & Electric Pole are duly manufactured as per international standards (ASTM, BS, DIN, ISO OHSAS and PS) with top of the line imported raw materials (PVC, HDPE & PPRC resins). To meet the specifications of our valued clients we regularly import raw materials from the Middle East, Europe and the USA but not only. We like to think of our manufacturing unit as an "organism" that fuses hi-tech machines and human ingenuity, thus rendering the very high standard need to produce a wide range of modern and hygienically tested products including HDPE Pipes (20mm to 1200mm), PVC pipes (1" to 16") And PPRC Pipes (20mm to 160mm) In that vein, we have a proper Quality Control System in place at our production site along with a state of the art testing laboratory to ensure the ISO standards.

Our real strength lies in our customers' delight that can only be achieved by providing quality products that meet their requirements. In our quest to lead by example, our efforts have led Jamal to ISO-9001, ISO-14001 and ISO-18001 certification, as well as the Pakistan standards & quality control authority (PSQCA) certification.

It is pertinent to mention here that our products are versatile. Currently, our pipes are being used for water supply networks, gas, air and chemical distribution systems, hazardous waste management systems, sewerages, mining, fiber optical cables, various agriculture activities including irrigation, firefighting and in many other applications in various industries, departments and organizations of repute in Pakistan.

Our brand "JAMAL" HDPE, PVC & PPRC pipes & fittings, HDPE Electric Pole is listed and pre-qualified in various NGOs. government, semi-government departments such as HUD & PHEDs, DHA, NESPAK, PAEC, MES., C&W, UNICEF, PWD etc.

Communication & Works
Department

CHIEF ENGINEER
PUNJAB RESEARCH & DESIGN DEPARTMENT
LAHORE

To:

M/s Jamal PVC Pipe,
PVT. Ltd, 88-Railway Road,
Lahore.

No. Enlistment 1667

Dated 05-8-2022

Subject:- RENEWAL OF FIRM OF M/S JAMAL PVC PIPE, PVT. LTD, 88-RAILWAY ROAD, LAHORE AS APPROVED MANUFACTURER / SUPPLIER OF UPVC & HDPE PIPES IN PUNJAB BUILDINGS DEPARTMENT (C&W DEPARTMENT) FOR THE YEAR 2022-23.

Reference: Director, Building Research Station, Lahore recommendations vide No.102-R/B/2035 dated 02-08-2022 and enlistment committee meeting dated 19-07-2022 (Serial No.27).

Your firm has been approved by the Competent Authority for Registration / Enlistment / Renewal as Manufacturer / Supplier of **UPVC & HDPE Pipes** only for the year 2022-23 in Punjab Buildings Department / C&W Department (registration fee deposited vide **GR No.443159 dated 28-07-2022** with BRS Lahore) in term of the Secretary to Government of the Punjab, Communication & Works Departments, Lahore Notification No.SOB-II/78-Vol-II(Part-II), dated 26-10-1999, No.SOB-II(C&W)2-11/78, dated 27-10-2017 and even No. dated 13-12-2018, subject to the following conditions:-

1. Should the Department be dis-satisfied with the quality of the products, behaviour, conduct and technical efficiency, the Chief Engineer, Punjab Research & Design Department, may remove your name from the approved list of manufacturer even black list you, debarring you from manufacturing / supplying throughout the Punjab in any Government Department without assigning any reason.
2. You are not allowed to change the name of the firm / factory. In case of change of name you will have to seek fresh enlistment.
3. You will have to produce the Government receipt at the time of supply of your products, if demanded by the staff of Buildings Department. The said Government receipt has also to be produced at the time of renewal of your firm / factory for the next financial year.
4. If you apply for renewal after the expiry of due date i.e. 30th June of proceeding financial year, you would be liable to pay a penalty @ 25% of the renewal fee per quarter.

DA/ As above

Source Approval of HDPE Pipe (M/s Jamal PVC Pipe (Pvt.) Limited)

Please refer to your letter No. MCJV/QABP/SKP/2021/032 dated September 14, 2021 where by Technical Submittal of M/s Jamal PVC pipe (Pvt.) Limited was submitted to NESPAK for source approval of HDPE pipe, to be used on the subject project.

Further to NESPAK letter No. 4163/11/MY/01/20 dated. September 22, 2021 where by certain missing information/data was enquired regarding the submittal. In response to our above referred letter, M/s Maqbool-Calsons JV submitted missing information/data vide their letter No. NCJV/QABP-Infra/SKP/CRE-ER/2021/055 dated October 07, 2021. Accordingly, Technical Submittal of M/s Jamal PVC pipe (Pvt.) for HDPE pipes has been reviewed which was subsequently followed by factory visit dated October 15, 2021.

In view of foregoing, it is intimated that M/s Jamal PVC pipe (Pvt.) Limited may be used as source for supply of HDPE pipes on the captioned project subject to the following conditions;

1. The manufacturer shall provide the procurement/import detail of raw material/resin for each batch of HDPE pipes manufactured for the project.
2. Prior to delivery of pipes, inspection and testing of each batch of pipes shall be carried at manufacturer's factory premises. In this regard, manufacturer shall submit through Contractor a comprehensive inspection and testing plan (ITP) for approval.
3. The pipe manufacturer shall ensure that all the applicable codes and standards are available at their facility for The Engineer/ER reference during any visit or inspection.
4. The Contractor shall arrange visit and inspection at factory as and when required by The Engineer/ER.
5. Pipes delivered at site shall be tested at specified frequency and only those pipe lots shall be allowed to be laid at site whose laboratory tests results meet the

specifications. All testing shall conform to applicable codes/standards and technical specifications of subject Contract.

6. Manufacturer shall be responsible for replacement of pipes in case of any fault/failure occurs after installation at his own cost (after defect liability period) in line with terms and conditions stated in the undertaking furnished by M/s Jamal PVC Pipes (Pvt.) Ltd. Vide No. JPVC/Sales/PIE/SIDMEC-HOD dated November 02, 2021 (Copy Attached).
7. This source approval may be withdrawn at any time, if quality of HDPE pipes delivered at site found unsatisfactory during execution stage.

Furthermore, keeping in view the huge quantity of HDPE pipes of various diameters required on project, the firm is once again advised to furnish technical submittal of other reputable HDPE pipe manufacturers e.g. BETA, DADEX, IIL or equivalent for our review so that continuous supply of HDPE pipe be ensured at site while maintaining the quality.

RECOMMENDATION CERTIFICATE TO M/S Jamal PVC (pvt) Ltd. as QUALITY MANUFACTURER OF THERMOPLASTICS IN PAKISTAN.

We, Atiq Associates (Consulting Engineers). have seen the complete profile (Brochures and test reports) of Jamal pvc (pvt) Ltd. Their product range for HDPE and upvc pipes along with technical specifications of the pipes are of superb quality. Their manufacturing standards conforms to National and International standard specifications.

We strongly recommend **Jamal pvc pipes** in our projects and advise MEP consultant to utilize quality plumbing solution in their assignments.

The company is a leading firm in manufacturing of upvc and HDPE pipes. They have also worked with municipalities in Pakistan. Which is a clear proof of their quality and reliability.

Jamal pvc (pvt) Ltd. company has the capability to manufacture HDPE pipes from 20mm to 1200mm and upvc pipes from ½ Inch to 16 Inch outer dias.

This is highly recommended that the product of Jamal pvc may be selected for all sectors of water supply, Gas transportation and sewerage applications nationwide.

LETTER OF RECOMMENDATIONS FOR QUALITY MANUFACTURER IN PAKISTAN

Dear Sir,

We, G3 Engineering Consultants (pvt.) Ltd. have seen the complete profile (Brochures and test reports) of Jamal PVC (pvt.) Ltd. Their product range for HDPE and UPVC pipes along with technical specifications of the pipes.

The company is a leading firm in manufacturing of high quality thermoplastic pipes and are well versed with day to day new techniques and demanding requirements of valued customers.

Also it is one of the pipe manufacturing in Punjab and they have worked with Public Health Engineering Department (PHED), which is principally responsible for supply of water supply and sewerage facilities in plain and hilly areas of the Punjab province.

Jamal PVC (pvt.) Ltd. company has the capability to manufacture HDPE pipes from 20mm to 1200mm and UPVC pipes from ½ Inch to 16 Inch outer dias.

This is highly recommended that the product of Jamal PVC may be selected for all sectors of water supply and sewerage applications in Pakistan.
